

How to create your account for the Tam District Home Access Center

Part one – students should use a school computer to register their personal email address at www.redwood.org/collect. You cannot create a Home Access Center account unless you have registered your email address. This website will work for all students in the district.

Wait at least 24 hours before you move on to part two.

Part two

1. Go to home.tamdistrict.org
2. Click on the “account registration” button.
3. Fill out the personal information requested. Use YOUR city and YOUR zip code. Click the “Register” button.
4. Pick any username that you want. This is NOT the same as your email address.
5. Read the Terms of Use and Privacy Policy. Click the “Finish” button to agree to both policies.
6. Check your email for a temporary password. Wait patiently – some email providers can take hours to process email. If the email doesn’t arrive check your SPAM/JUNK/BULK folders in your email. Still didn’t get it? Turn this page over for more help.
